## Ol' Colony Tournament Policy:

Here at Ol' Colony we have 2 types of Tournaments

Tee Timed Outings

Full Field Events (Shotgun Start)

Tee Timed outings are events with 40 Players or less that do not require us to shut down the normal operations of the golf course. We will set aside a block of tee times for you and your guests so that all participants are going off in 10 minute intervals back to back. To schedule this type of event we require a 30 day advance notice to set up the event and a 50% deposit to hold the times and secure the event.

Full Field events require us to shut down the golf course to all outside play and we allow that to occur with a minimum of 100 players per shotgun start. We have the opportunity for 2 shotgun starts per day, an 8:00 A.M. and a 1:00 P.M. Shotgun is available and each requires 100 player minimum to close the golf course. In addition to the requirements we have for the shotgun start tournaments we also have 3 price ranges available. Monday through Thursday Events are available for a fee for golf \$45.00 per player plus any additional food and beverage purchases. Friday Events are available for \$55.00 per player for golf plus lunch price depending on the menu item selected. All weekend events are available for \$65.00 per player for golf and require **written** approval from the **Ol' Colony Board of Governors**.

In addition to our rates Ol' Colony **does not** allow outside food or beverages to be brought in except in one of 2 ways; 1) Ol' Colony is paid 15% (Standard Rates based on food policies throughout our state) of the total price of golf services purchased from Ol' Colony or 2) Ol' Colony will cater the event to serve the type of meal that you and or your group is looking for. These policies are in place based on the requirements of State of Alabama food and beverage laws for the protection of all parties involved.
